Fall District Member Meetings Scheduled for FarmFirst Dairy Cooperative

Third season of District Member Meetings marks the end of the cooperative's three-year transition

Madison, Wis. [October 16, 2015] – The Fall District Member Meetings for FarmFirst Dairy Cooperative have been set and members are encouraged to attend whichever district meeting fits best with their schedule. This year marks the end of the cooperative's three-year merger transition and is eager to have members gather together to celebrate this among other cooperative successes from the past year.

Member meetings will be taking place throughout Wisconsin, Iowa, Minnesota, South Dakota and the Upper Peninsula of Michigan. Location details are included in the cooperative's member newsletter and on their website, and members are encouraged to call the office with any questions. Members must make reservations to attend their district meeting to provide an accurate meal count.

"We look forward to hosting these fall member meetings as it gives us a chance to receive direct feedback from our members, share information on what the cooperative has been doing, and show members that we appreciate their membership," says Peter Kleiman, President of FarmFirst Dairy Cooperative. "This is also a great opportunity for members to meet other producers from their district and to discuss industry news and policies."

This is FarmFirst Dairy Cooperative's third season of fall district meetings and January 1st of 2016 will mark three full years of the cooperative under this name.

FarmFirst Dairy Cooperative was established in 2013 and is based in Madison, Wis. Dedicated to its family farm members, the cooperative represents farms in Wisconsin, Minnesota, South Dakota, Michigan, Iowa, Illinois and Indiana through policy bargaining, dairy marketing services, laboratory testing opportunities and industry promotion.
